## Let's Talk About Instagram.

Teens worldwide are worried about the addictive nature of the popular social media app Instagram, particularly for its introduction of the "Reels" tab.

### Proposed Solution:

Users can choose to start a timer before they begin scrolling reels: after a set time, Instagram informs them that their session is over, and that they may begin a new one.

## Example Implementation:

## Let's Talk About school bulletins.

Some students at For(e)thought High School don't hear announcements over the loudspeaker, and as a result, aren't aware of current school news.

### Proposed Solution:

Administrators resolve to email a newsletter to each student with a summary of information from the loudspeaker.

## Example Implementation:
